Tranquil
LIGHT

COMING SOON!

The long awaited 11th book in the Tennis Shoes Adventure series is coming September 7th. . . more than five years in the making!

Dear Friends,

This year we have enjoyed many days of summertime fun. However, we also had the unfortunate experience of wearing out our air conditioner and having to wait a few weeks to have it replaced.

On a particularly warm Sunday afternoon, I sought refuge from our hot, stuffy house and spent some time outside—grateful for the relief of a gentle breeze and the cool shade of our covered patio. As I pondered on my temporary hardship, my thoughts—as they often do—turned to the pioneers. In fact, I smiled inwardly as I could hear the spirited words of my youngest daughter echoing back from conversations in the past: “You and your pioneers.”

Thinking about her words took me back to a day nearly thirty years ago—the memory preserved perfectly in my mind. I was a teenager somewhere in Provo Canyon, wearing a bonnet, pantaloons, and a calico dress. I was lying face-down in the dirt. The sun was hot and I was physically and emotionally spent. My feet were blistered and bleeding and tears were streaming down my dust-covered cheeks as I watched the wagons and handcarts roll on without me. Realizing they were not coming back or slowing down, I willed myself to get up and limped painfully along. I vividly remember asking out loud: “Why? Why would they do it?”

Even though at the end of my Pioneer Trek, I boarded an air-conditioned bus and returned home to an air-conditioned house, a hot shower, a soft bed, and a kind-hearted mother who eagerly satisfied my first request—a hot Big Mac sandwich!—that week of temporary hardship had an incredible spiritual impact on me and I have felt a particular kinship to the pioneers ever since.

I realize that in my lifetime I will not likely ever push and pull a handcart for endless miles across hot, dusty plains or bury my children in shallow, lonely graves. I will not wear a tattered skirt hemmed with ice, or leave bloody footprints in the snow. Still today I often ponder on the pioneers and wonder if I would have been among them. Would I have recognized the wonder and accepted the truth of the Book of Mormon then? Would I have loved and revered the Prophet Joseph Smith then? Would I have walked to the Salt Lake Valley with faith in every footstep?

Gratefully, over the years I have learned for myself why they would do it and so today, when I am heavy-hearted; when I am stressed out, in a hurry, overwhelmed, and tears roll down my cheeks; when I question whether or not I can “pick myself up” and keep walking, I do think about the pioneers—their trials and their suffering inconceivable, yet filled with faith steadfast enough to believe and even to sing the words: “All is well! All is well!”

I hope as you enjoy these last days of summer, you too will have an occasion to ponder the remarkable examples of the courageous Saints who left a rich legacy of faith and determination for us all to remember, to cherish, and to follow. I hope, too, that the products in this catalog will lift and inspire you and give you the strength and the faith to truly believe that in the Lord “all is well!”

Sincerely,
Susan Condie

Dickens Inn, Volume 4: Tranquil Light

Anita Stansfield

When a group of friends reunites at the Dickensian Inn bed-and-breakfast, little does Chas realize that the promises of a blessing are about to be fulfilled. As these women share their tender feelings and innermost secrets, the words of Charles Dickens take on greater significance for them— *The pleasure of a generous friendship is the steadiest joy in the world.*

But even as these heartwarming events unfold, a secret from Jackson's past threatens to sabotage the happy life he and Chas have created together.

Jackson finally turned to look fully at his wife. . . . He tried to form the words to tell her about his relationship with Serena and all that he was feeling upon realizing that she was dead. . . . He'd believed his past was put away. He'd believed that his skirting the truth and omitting facts had been sufficient in his relationship with his wife. . . . Now it suddenly felt like he'd sinned against her.

Will Jackson's doubts and guilt jeopardize the plans he and Chas have made to be sealed as a family for all eternity? Is their love strong enough to overcome the painful shadows of the past?

Beloved, bestselling LDS author Anita Stansfield delivers a startlingly soul-searching and richly romantic story that resonates with emotional truths and captures the essence of the meaning of redemption. *Tranquil Light* is a triumph.

Cold as Ice

Stephanie Black

After five patient years, Abigail Wyatt's sisterly care is finally paying off: her younger brother, Derek, is abandoning his self-destructive lifestyle and seeking his parents' forgiveness, thus ending the painful estrangement that wounded the whole family. But just as the pieces are falling into place for the prodigal's return, a woman named Karen Brodie is murdered in a local park—and police name Derek as the prime suspect. Rather than standing firm and cementing the positive changes in his life, Derek succumbs to his cynical fears and runs from the law, leaving Abigail with her hands tied. Literally.

Derek's raw panic convinces everyone that he's the killer—everyone except Abigail, who doggedly maintains her brother's innocence. With the help of Kyle, a charismatic new friend she might be falling for, Abigail digs deep into Karen Brodie's troubled past in hopes of clearing Derek's name. But as she uncovers a sinister plot of greed, envy, and vengeance, this loyal sister must face the painful truth that things—and people—are not always as they seem.

The Stone Traveler

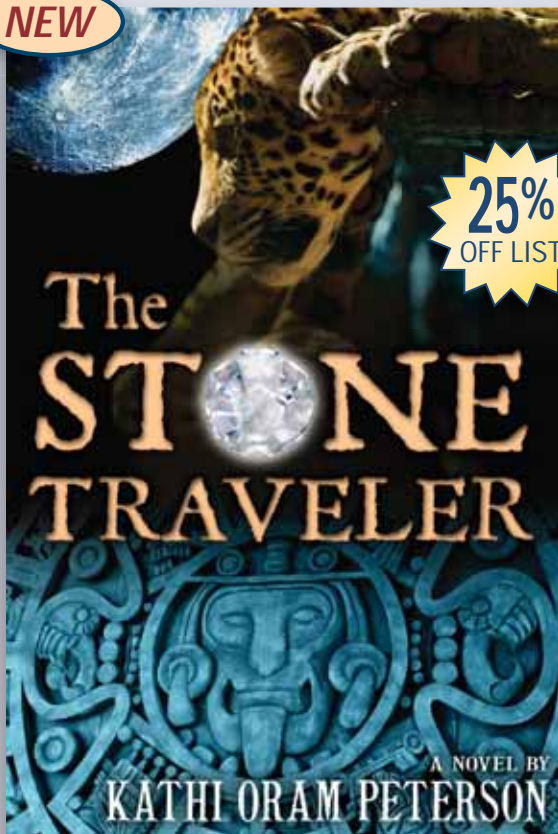

Kathi Oram Peterson

Sixteen-year-old Tag can't believe he's in this much trouble. He's not actually a member of the gang known as the Primes—all he did was spray paint some graffiti that caught their attention. But his mom is furious about these gang-related activities and insists that Tag spend the whole summer at his grandpa's lake-side cabin. Tag decides to run away, but doesn't get far before he encounters three strange men carrying an even stranger object—a stone that glows with radiant light as bright as a thousand sparklers. But he doesn't expect the stone to transport him through space and time to a place he's never seen before—a place that looks an awful lot like the ancient lands described in the Book of Mormon. And he definitely doesn't expect to join Sabirah, the entrancing daughter of Samuel the Lamanite, on a quest to rescue her father and brother from the evil King Jacob, or to be captured by Jacob's minions and prepared as a sacrifice to the evil idol of the city. But just as Tag faces his death, he's not sure which event will impact his life more: his captor's knife coming at his body, the violent tempest sweeping the land. . . or the men who later appear, glowing even more brightly than the traveler's stone.

Now burdened as a murder suspect, Hector witnesses the further unraveling of his life when his teenage son, Raul, announces that his girlfriend is pregnant. Then Hector's cancer suddenly comes out of remission, threatening his life as well as his relationship with Lilliana—the one woman he's loved since being widowed years earlier. Isn't Being Good Good Enough?

John Hilton III

In this DVD, John Hilton III talks about why the Lord expects us to do more than just be good. John describes three keys to following President Hinckley's counsel to do the best we can: first, to obey with exactness; second, to seriously study the Book of Mormon; and third, to make a specific plan to be better. Using scripture stories and quotes from Church leaders, John provides several examples that teach how we can move from simply being good to being our best.

Whenever he fasted, he found himself being irritated and grouchy and just downright miserable. With his trademark humor, inspiring stories, and enlightening quotes, Hank Smith once again shares a message that youth will relate to and remember.
